

Our trumps!

- Patented worldwide: EP 0 54 655/EP 0 724 318/EP 0 621 795
- Interdisciplinary cooperation with recognized international scientists
- Clinical care through Prof. Dr. Dr. habil J. Waldmann
- Tested as medical device and registered: TÜV and GS, EWG 92/43 law
- QRS is ISO 9002 quality assured
- QRS was put into action in space research (MIR Station)
- Patent 1: transport of ions and the cell-specific amplitude window
- Patent 2: measurement of the effect of the magnetic field (bio-feedback)
- Patent 3: neutralization of electromagnetic fields (electro-smog kill)
- Various scientific publications about QRS
- Television and press report on QRS
- Each Quantron employee receives a highly qualified training at the Quantron Academy
- 30 millions of QRS therapy applications
- 30.000 QRS devices worldwide in use
- An interdisciplinary team of physicians is working on an european-wide medical study

Gold medal winner on world's largest inventor exhibition in Geneva, Switzerland
